PINK SAGE SAND

CLEANING & CARE:

- Clean Basin requlary to avoid prodcut build-up
- To maintain the surface of your MELA Concrete Basin, we recommend polishing the surface with wax every six months. A non-toxic natural beeswax, such as Gilly's Liquid Beeswax, is recommended to help protect and maintain the finish.
- Using a soft cloth or dampened sponge, gently clean the basin with soapy water
- Rinse with clean water and towel dry
- Avoid using any harsh Chemicals or abrasive cleaners - such as ammonia or bleach, or any products that have a high PH level
- Avoid exposure to tile or grout cleaners
- Do not use a srubbing brush or scourer, as these may scrath or damage the surface
- Avoid contact with acidic liquids or pastes

Please note that dimensions may vary by ±2mm due to manufacturing tolerances
And note the colour of the basins may vary to images seen online - reccomend viewing in person
